

## **Tonya Ridley**

Tonya joined the Foundation in 2007 and is a Program Associate. She manages the online granting process and program systems related to grants to improve data management and streamline procedures. She works collaboratively with other grant staff to conceptualize, develop and implement grant programs and areas of focus. Additionally, Tonya manages content and technical aspects of the Foundation's website maintaining current internet trends.

With 15 years of corporate and small business financial and insurance experience, she brings expertise in the areas of research and planning, organization and communication. She majored in business while attending Oklahoma State University.
